

AUTHORS WHO DO NOT OBEY TO THE REGISTRATION RULES OF ECRES ORGANIZATION (2016)

Herewith The ECRES Organization Committee announces that these people below did not inform their cancellations for the participation of ECRES till 20th September and their unpredictable attitudes made certain problems in the preparations of the conference programme, certification and all other arrangements with conference venue, although the committee warned many times all scientists for their participation conditions. Therefore the committee has decided to produce this list in order to get attention of other scientific events' organizers and to maintain the scientific conference ethics among the participants in order to make a healthy organization.

Note that these people will not be able to send their studies to ECRES and NURER Conference Series for following 2 years (till 7th October 2019) due to their "unrespectful" and "disordered" attitudes.
